TOOLBOX

OVERVIEW

UN CLIMATE SECURITY MECHANISM TOOLBOX OVERVIEW

BRIEFING NOTE

Provides a brief overview of the interlinkages between climate change, ecosystems and biodiversity loss, and peace and security, including illustrative examples.

CONCEPTUAL APPROACH

Outlines a common understanding of and approach to the assessment of climate-related security risks in the UN system.

DATA SOURCES

Contains useful data sources to ensure assessments are informed by robust quantitative data.

CONFLICT ANALYSIS CHECKLIST

Lists guiding questions for analysts to ensure climate change effects are taken into consideration during conflict analyses.
